## About Us

### About FairVote

info@fairvote.org

FairVote is a nonpartisan champion of electoral reforms that give voters greater choice, a stronger voice, and a democracy that works for all Americans.

FairVote has a proven record since 1992 as a trailblazer that advances and wins electoral reforms at local, state, and national levels through strategic research, communications and collaboration. Today it is the driving force behind advancing ranked choice voting and fair representation in multi-winner legislative districts that will open up our elections to better choices, fairer representation, and more civil campaigns for better government.

### About My Work

VotingSite@gmail.com

In 1990, John R. Chamberlin, and Samuel Merrill III encouraged me to use their research, noted on page 63, to support a hybrid Condorcet-RCV tally (see page 30). In the 1990s, I created *PoliticalSim*<sup>™</sup> and *SimElection*<sup>™</sup>. They compared 30 single- and multi-winner tallies and were used in a few universities (see pages 48-56). My sim research led to *Democracy Evolves*<sup>11</sup> in 1997. Then I helped FairVote as a webmaster and librarian. For many years, I've advised some groups developing the use of Fair Share Voting (see pages 24, 43 and 46). This booklet summarizes *Accurate Democracy.com*.<sup>12</sup>

My goals are better group-decision results (page 61), via systemic changes (e.g. pages 34 and 58), by means of better tools between people (e.g. pages 24, 27, 33 to 35) giving better incentives to voters and leaders.
